

Sponsoring Shoreline Cooperative Preschool

Dear Community Business Partner,

Thank you for considering becoming a sponsor Shoreline Cooperative Preschool (SCP)! For more than 50 years, SCP has been a community- and family-oriented preschool providing a place for kids and parents to learn and grow together with warmth and respect. Your support enables us to better invest in our preschool and our mission in so many ways. Sponsorship dollars contribute to teacher training, tuition scholarships for families in need, educational materials, and classroom equipment and field trips for the kids.

Current regulations surrounding the COVID-19 pandemic prevent us from holding classes in person this fall, but Shoreline Cooperative Preschool continues to be a fully functioning preschool community. We are taking the opportunity to learn and grow together by finding innovative ways to foster a supportive, nurturing preschool community when our children and their parents need it most. Our teachers are going above and beyond their call of duty by delivering families art and science projects, a lending library of both books and educational toys, live virtual circle times and pre-recorded story times for at-home learning. SCP is still committed to providing parent education in the form of virtual discussion groups and educational speakers to give valuable tools and support for raising a family in today's challenging world.

For 32 years, our preschool has hosted a Halloween Carnival and Silent Auction – it is a big and fun indoor event for young children and the community with 500+ attendees annually. While we cannot hold our carnival this year, we will be holding an online silent auction from October 30th- November 7th. We will advertise for this event with our student body, as well as the local public community in the following ways:

SCP Newsletter: electronic newsletter published monthly and emailed to all the SCP families.

SCP Facebook page: open to the public, updated regularly

SCP web site: open to the public, updated regularly

We look forward to your partnership. If you have any questions, please call me at (206) 459-5338 or email to jgesinger@shoreline.edu with any questions or concerns.

Sincerely,

Jessica Gesinger
SCP Director
